

## CART POLICY

**CART POLICY:** As the USKG ATL Tournament Director, I am not involved with cart rentals. It will be up to the host golf course discretion and cart availability. You can coordinate with the host golf course the day of the tournament for availability.

- **ALL 9-HOLE PLAYER CADDIES** may rent a cart for use during play. The caddie may use the cart to shuttle their player between holes. After reaching the tee, the player cannot ride and must walk the entire hole. All golf carts are first come, first served. Hope for the best, but always plan that you both may have to walk. **Please do not become confrontational with the golf shop staff if they run out of carts.**
- **ALL 18-HOLE PLAYER CADDIES: may not** use golf carts. Pull carts are allowed unless prohibited by the host facility. Additionally, anyone with an ADA or medical condition will need to bring the card or note from their doctor **each time** you need to caddie with a cart. The host facility will be given instructions that 18-hole caddies may not rent a cart unless they have their ADA Card or doctor's note with them.
- **SPECTATOR CART** will be at the discretion of the host facility. Spectators renting carts must stay on the path at all times. **BE MINDFUL**, *Hosting golf facilities don't have an endless inventory of golf carts for players and spectators.*
